GULEDGUDD, Karnataka, 587203

Skills

- Python
- Cloud Computing
- Machine Learning
- SQL
- Pandas
- Artificial intelligence
- Data structure with c

Summary

- Highly experienced Artificial Intelligence Specialist with a proven track record of developing and implementing innovative AI solutions using deep learning, machine learning, and natural language processing. Expertise in designing and optimizing AI algorithms for image recognition, speech recognition, natural language processing, fraud detection, anomaly detection, customer segmentation and chatbot development. Strong academic background with multiple publications in top AI conferences and journals.

Education

Science Pu College, Pre University

Puc

GULEDGUDD, Karnataka

BVVS

Diploma - Computer science, CGPA: Distinction

Bagalkot, Karnataka

Aug 2022

Experience

Intern in MindFree

Artificial Intelligence

Bagalkot, Karnataka

Present

- Designed and optimized AI algorithms using statistical modeling, optimization techniques, and data structures for improved performance and efficiency.

Certifications

- AWS Certified Machine Learning - Specialty
- Microsoft Certified: Azure AI Engineer Associate
- IBM Data Science Professional Certificate
- Intel AI
- Oracle cloud computing

Projects

- Designed a waste management system for a college campus, reducing waste by 20%.
- The built-in of library management
- Diry form using Artificial intelligence
- Creative of ultrasonic radar
- Ai generated Quiz platform
